today s society demands to train children and adolescents who develop in an environment based on respect and the promotion of educational values this aspect is especially relevant to promoting physical activity and its relationship with healthy habits such as the consumption of unprocessed foods the reduction of a sedentary lifestyle and the improvement of adherence to sports in this sense the world health organization warns that the current rates of overweight and obesity are very high and that we must combat them from formal education you can help improve healthy habits with educational programs and

especially in physical education a subject where the work of physical social and cognitive well being has special relevance since the 20th century studies and research that have aimed to combat unhealthy habits in educational centres and sports schools have increased not only by promoting physical activity within the school but above all by seeking to generate adherence towards the future of students and athletes

brochures play a significant role in governmental public information provision every year many brochures are distributed to inform instruct or persuade people these brochures may benefit from a systematic design process including applied research such as pretesting among communication professionals the importance of pretesting is practically undisputed readers from the target audience are assumed to provide valuable insights into whether a document really works organizations therefore increasingly try to include a pretest in the design process of important documents various pretest methods have been developed and are being used in practice however little is known yet about the merits and restrictions of the available approaches this book provides a framework for scholarly research into pretesting and presents a series of studies into the validity of one particular pretest instrument a combination of the plus minus method and a semi structured questionnaire this is one of the prevailing pretest approaches in the dutch public information sector the validity of the pretest instrument is assessed in two complementary ways first the question is addressed as to whether a revision on the basis of pretest results actually leads to an improvement in the functional quality of brochures second a study is presented in which text and subject matter experts judge the importance of pretest results the pretest instrument appears to yield a large amount and a great variety of reader feedback which in a subsequent revision may contribute to significant improvements in the effectiveness of brochures
