explains all the components required for a complete fiber optical communications system for the related communications systems analysis includes options on waveguide selection

sol scharfstein s new translation of the torah the five books of moses is written with a sense of piety and awe for the majesty and sanctity of the

biblical text it conveys the content of the five book of moses in language that is easy to read and understand the message of the bible is ageless but for full comprehension it must be presented in language suited to the time and place of the reader scharfstein s fluent idiomatic translation does exactly this replacing the ancient robes of 4000 years ago in which the torah was given on sinai with up to date garments of the 21st century that preserve its inner essence but make it familiar and user friendly the weekly readings and their divisions are all clearly designated and each book of the torah is preceded by a brief introduction that explains its most important aspects in addition a long introductory illustrated essay gives a full account of the place of the torah in judaism and in the synagogue service all in all this new translation will prove to be an essential addition to the home library of people of all faiths

in the garden of eden stories from the first nine books of the old testament george hodes presents a masterfully curated retelling of key biblical narratives that form the bedrock of judeo christian tradition employing a lyrical yet accessible prose style hodes invites readers into the rich metaphorical landscapes of creation paradise and early humanity through these stories he explores profound themes such as sin redemption and the complexity of divine human relationships all while situating these narratives within the wider literary context of their time a time when oral traditions and early written texts began to intertwine george hodes an esteemed theologian and scholar drew upon his extensive knowledge of biblical literature and history to craft this work his deep engagement with scriptural texts combined with a pedagogical approach to teaching religious studies allowed him to distill complex ideas into compelling stories that resonate with contemporary audiences hodes background not only reflects his scholarly credentials but also highlights his passion for making sacred texts accessible and meaningful this book is an invaluable resource for both seasoned theologians and those new to the old testament it is recommended for readers seeking to deepen their understanding of these foundational texts while appreciating the beauty and depth of their narratives hodes work breathes new life into traditional stories making them relevant and engaging for modern readers in this enriched edition we have carefully created added value for your reading experience hand picked memorable quotes shine a spotlight on moments of literary brilliance interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

the five books of moses is a single book of five sections presented in the following order genesis exodus leuiticus numbers and deuteronomy neither in genesis nor in the first part of exodus is a social structure warranted because in neither setting is such a structure contemplated by contrast as a precious gift for the second part of exodus and thereafter for all of leuiticus numbers and deuteronomy god fashions a social structure intended to promote spiritual elevation in his chosen nation the israelites tragically because the israelites pervert his efforts to do so as often as they can as in one hideous moment he perverts it and abets catastrophe

a record of literary properties sold at auction in the united states

the earliest medieval jewish mystical writings or kabbalah date from the late

twelfth and early thirteenth centuries this is the first book to focus on the most prodigious group active at that time the circle of contemplation the circle of contemplation generated a mystical theology that differs radically from mainstream kabbalistic theosophy two of this group s penetrating speculations on god and the origins of the universe are the book of contemplation and the fountain of wisdom a meticulous and systematic study of these writings forms the core of this book verman discovered that the circle of contemplation produced a series of distinct treatises each entitled the book of contemplation and attributed to the same fictitious author these treatises embodying one of the most intriguing puzzles of medieval literature are included here the author concludes that these writings were a product of thirteenth century spain not france as claimed by gershom scholem his conclusion engendered a critical evaluation of the premises of scholem s historiography of early medieval jewish mysticism
